Subject: Open Letter to Mr Turnbull

Hi ,
Firstly thank you for the opportunity to provide feedback clearly Australia should be looking to engage with SE Asia considering over 50% of the worlds population lives there and they are our closest neighbour.

Secondly regarding this statement:

"We need to ensure our international engagement continues to deliver prosperity and security for all Australians."

The very first thing that should be removed is the extra tax imposed on Non-Residents by taking away the tax free threshold.

I am a family man with 4 children I am no burden on the government whatsoever in fact i pay the top threshold of tax. When I went to do my tax income to my absolute disgust I discovered that my tax threshold has increased.

I returned to Australia for an operation 2 years ago I discovered my medicare was cut because I had not claimed in 2 years.

My firm opinion is that the taxation department is gouging expats because we are a minority and therefore do not count.

I am growing an Australian business over seas to increase Australia's exports I am invited all the time to present on how an Australian business can successfully set up a business in Thailand.

So for being Entrepreneurial I am being penalised an extra \$6000 tax per year when I already pay over \$60,000 tax per annum of which nothing comes back to me or my family.

Really Mr Turnbull I have voted Liberal for the last 40 years and paid taxes for the same 44 years! One question is this fair dinkum?

Regards,

Glenn Andrews | Managing Director - Asia
