Subject: My Submission for Foreign Policy White Paper

My main concern is for the citizens of Australia.

I feel outrage when immigration seems so unlimited. While there is massive unemployment, our precious economy must be aligned with problems inside the country. This is primary. Too much importance is placed on Foreign Policy. It is only a small part of the whole financial crisis.

It's terrifying to think that one day our country will be lost.

Being proud of the fact that we can make our own decisions and meet our own needs rather than fall into the United Nations trap unless we have already.

Respectfully.. Peter Korchma
